WGO Urges Bipartisan Support for AB293 (Wisconsin Second Amendment Sanctuary)

Madison, Wis. — Wisconsin Gun Owners, Inc. (WGO)— Wisconsin’s only no-compromise gun rights organization — supports AB293, Second Amendment Sanctuary status for Wisconsin. Executive Director Thomas Leager testifies on behalf of WGO at a hearing in front of the Assembly Committee on State Affairs on May 25, 2021.

Gun owners across Wisconsin have shown overwhelming interest in this bill on both sides of the aisle, Leager argued, and that is why the state-level gun rights organization wants to make sure its concerns over recent attacks on gun rights by the Federal government are fairly and accurately represented to the committee.

“The consent of the governed and representation are the cornerstones of our Republic,” Leager said. “2A Sanctuary is critical to the survival of our rights. We want the legislature to protect our right to bear arms.”

With the uptick in criminality and the downturn in police funding in many areas across America and Wisconsin, the Second Amendment is more relevant and necessary than ever before. In the wake of those riots, violence has continued to surge in densely populated areas, and WGO wants to ensure that Wisconsinites retain the right to bear arms in defense of life.

“As of late, we have seen unprecedented attacks on our right to bear arms from Washington D.C. That is why I welcome this chance to speak to the committee and express our members’ concerns and the sentiments of the thousands of gun owners in Wisconsin. These gun owners all repeat the same message: Protects our rights from a belligerent Federal government! And that is what we are telling them.”
